📍 Ganapathy, Coimbatore, Tamil Nadu, India

PROFESSIONAL SUMMARY

Full Stack Developer with **4 years of experience** in building and modernizing **enterprise web applications** using **ASP.NET MVC/Core, RESTful APIs, and Angular 15+**. Experienced in **legacy system modernization**, including migrating **Perl/Shell applications to .NET MVC**, with a strong focus on performance, security, and maintainability.

Proficient in **Entity Framework, Dependency Injection, JWT/SSO authentication**, and working with **SQL Server, PostgreSQL, MySQL, Git, and Docker** in Agile environments. Completed a **6-month onsite assignment in Japan**, managing full SDLC activities, collaborating with stakeholders, and delivering high-quality, production-ready solutions.

EXPERIENCE

PrimeMover Solutions Pvt. Ltd., Coimbatore | 2024 – Current

Full Stack Developer (.NET / Angular)

- Developed **enterprise web applications** using **ASP.NET Core, Angular 15+, and microservices**, and migrated legacy ASP.NET MVC applications to **Core Microservices** for better scalability and maintainability.
- Implemented **WebSocket**-based real-time communication and **Redis caching** to optimize performance and deliver reliable **IoT software updates**.
- Built and deployed **Docker containers** and integrated **RabbitMQ queues** for asynchronous processing.
- Designed and delivered a **3D Map Proof of Concept** for advanced visualization use cases.

Mitsubishi Fuso, Japan | Onsite Assignment – 6 Months

Full Stack Developer (ASP.NET MVC)

- Modernized a legacy Perl/Shell-based CAE application into a .NET-based solution, handling architecture, development, UAT, and production release.
- Collaborated with **Japanese stakeholders** to ensure timely delivery and requirement alignment.
- Delivered the project with **high ownership and quality**, applying **secure authentication (JWT/SSO)**, performance optimization, and maintainable coding practices.

Jeyan Technologies Pvt. Ltd., Theni | 2022 – 2024

Software Engineer (ASP.NET MVC)

- Developed and enhanced **O2Vend**, an **E-commerce POS and inventory management system**, using **ASP.NET MVC and SQL Server**.
- Implemented **business logic, API integrations, and database optimizations** to support high-volume transactions.
- Collaborated with **product and QA teams** to deliver **scalable, production-ready releases** with reliable performance and maintainable code.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, jQuery, Angular 15+ (CLI, Components, Forms, RxJS), ASP.NET MVC Razor Views, Bootstrap, REST API integration, AJAX, JSON, Client-side validation, cross-browser compatibility

Backend: C#, ASP.NET MVC/Core, RESTful Web APIs, Dependency Injection, Middleware, Session & State Management, Authentication & Authorization (JWT/SSO), Exception handling & Logging

Legacy Modernization: Perl CGI/Shell → ASP.NET MVC, Shell script migration to C#, Reverse engineering legacy apps, Refactoring monolithic systems, Feature parity validation

Databases & ORM: SQL Server, PostgreSQL, MySQL, Schema migration, Query optimization, Indexing, Stored procedures, EF Core, LINQ (code-first / database-first), Performance tuning, Bulk operations

Messaging & Integration: REST API integration, RabbitMQ, Background jobs & queues, TUS file uploads & batch processing

DevOps / Deployment: IIS Hosting, Windows Server, Linux (basic shell), Docker (basic), Nginx, Environment-based configuration, Log analysis, Build & deployment support, CI/CD fundamentals, Git workflows

Tools: Git/GitHub/GitLab, Visual Studio/VS Code, Postman, Black Duck, Snyk

SOFT SKILLS

- Client communication & cross-cultural collaboration (Japan onsite)
- Requirement gathering & technical documentation
- Ownership, accountability, and team collaboration
- Problem-solving & mentoring

ADDITIONAL INFORMATION

- Japan Engineering Visa valid for 3 years
- Available for onsite roles in Japan

EDUCATION

M.Sc. in Computer Science | 2020 – 2022

Theni College of Arts and Science, Veerapandi, Theni | **80%**

B.Sc. in Information Technology | 2016 – 2019

Hajee Karutha Rowther Howdia College, Uthamapalayam | **73%**

DECLARATION

I confirm that the details mentioned in this document are accurate and complete to the best of my knowledge.
